If a long stay in New Mexico is in your future, you will be happy to know there are a variety of extended stay hotels in Albuquerque, the ballooning capital of the world! This sunny, diverse city is rich in Native American culture with plenty of sights to see for the frequent or occasional traveler. Albuquerque has a lot to offer as a unique tourist and business travel destination, including an average of 310 sunny days per year. So whether your time outdoors is spent commuting or exploring, chances are there will be clear skies ahead!

Thanks to the beautiful weather, most Albuquerque extended stay hotels have a pool and patio area. But some of the extended stay hotel choices go above and beyond to provide the best experience for their guests. These hotels stand out as long-term accommodations providing excellent value, service and amenities. Below, we reveal TravelMag's top picks for extended stay hotels in Albuquerque.

HOMEWOOD SUITES BY HILTON ALBUQUERQUE - UPTOWN ★★★

FROM \$104/ NIGHT

While pricier than its two-star competitors, the Homewood Suites Albuquerque Uptown is still a great value for the price paid. Guests enjoy the standard extended stay amenities such as suites with a full kitchen, free wifi and free breakfast, but this extended stay hotel in Albuquerque goes above and beyond. Monday through Thursday, guests are welcome to a light buffet-style evening social—for free. Prefer to cook instead? The Homewood Suites offers complimentary grocery shopping for guests as well. Even if you like to personally select your ingredients, shopping is a breeze thanks to this Hilton property's incredibly close proximity to Uptown's generous collection of shops, stores, restaurants and entertainment. All of these benefits make this hotel worth the higher rate, but the bill for just a week can be steep.

HOME2 SUITES BY HILTON ALBUQUERQUE - DOWNTOWN - UNIVERSITY ★★★★★

FROM \$104/ NIGHT

Home2 is a relatively new name in the Hilton lineup, and is one of two extended stay brands the hospitality giant owns. Their Albuquerque extended stay Home2 location is comparable in rates to their Homewood Suites relative, but there are a few differences. The Home2 suite style is a little more contemporary in comparison to a typical Homewood Suites room, with a 'sliding' wall curtain to effortlessly separate the bed(s) from the bathroom and lounge area (or open up the room) if desired. While Home2 suites have impressive kitchenettes, they do not have a stove or oven for dedicated cooking. They have also traded the 'evening social' for a peppy entertainment room and stylish outdoor patio to provide ample space for socializing with visitors, coworkers and other guests. As an added bonus, this Albuquerque extended stay hotel is located right near the I-25 and I-40 interchange as well as the University of New Mexico North Campus.
