The 152-key Homewood Suites in Chelsea is located just off Route 1, across the Tobin Memorial Bridge from Charlestown.

Boston—Hilton recently opened Homewood Suites Logan Airport, a 152-suite property in Chelsea, Mass. The hotel has been developed and is owned by XSS Hotels, with Colwen Hotels acting as property manager.

Situated at 145 Beech St., just off Route 1/Adamski Memorial Highway, the property is located within a 4-mile drive from Boston Logan International Airport and across the Tobin Memorial Bridge from Charlestown, within 5 miles of both Cambridge and central Boston. Next to a Residence Inn and a Wyndham property, the hotel is also located within walking distance of several retail options, including the Mystic shopping mall on Everett Avenue.

Homewood Suites by Hilton Logan Airport in Chelsea, Mass.

“Between the property’s spacious suites and convenient location, Boston Logan Airport Chelsea accommodates all types of travelers, and with the area’s growing need for more hotels, it only made sense to expand our brand with a seventh Homewood Suites for guests visiting the Boston area,” said Adrian Kurre, global head of Homewood Suites, in prepared remarks.

Offering a mix of studios and one-bedroom suites, the hotel also features 2,200 square feet of flexible meeting space. The list of amenities includes an indoor heated saltwater pool, fitness center, grocery shopping service, as well as complimentary parking and shuttle services. The suites feature fully equipped kitchens, separate living and sleeping areas and free Wi-Fi.
